

Assertion 10 – Manaton Parish Council

1. Under the regulations, content published before 23rd September 2018 is exempt from the new assertion 10 regulations as being 'Archived Content'

2. Disclaimers and the Accessibility Statement

The new regulations requires a formal Accessibility Statement including a section detailing non accessible content.

3. Disproportionate Burden

A brief assessment showing that the cost in time and money was carried out, to find that the fixing of these specific files outweighs the benefit of the public.

4. Therefore the PDF files will be kept as they are and we have provided a clear contact method stating that if someone needs the document in an alternative format, the council will provide it within a reasonable timeframe, on-request. Subject to any incurred costs (postage) where appropriate.

The above was agreed at the meeting held on 13th July 2026
